BRECKENRIDGE HOMEOWNERS ASSOC OF NC INC
PO BOX 99657
RALEIGH NC 27624-9657

Subject: **LOWER BRECKENRIDGE PUMP STATION DIVERSION PROJECT
UPCOMING CONSTRUCTION**

Dear Breckenridge HOA:

We are happy to let you know that the Town has contracted with Sappah Brothers, Inc. to install a sewer main across the property at 650 Willingham Road. The approximate date that construction will begin is January 4, 2010. Over the next few weeks, you may notice surveyors in your area staking the alignment and location for the new sewer main. Additionally, you may notice NC One Call service locating many of the existing utility lines such as gas, electric, phone and cable buried in the vicinity.

This project is expected to take approximately two months to complete. Once construction begins, you may receive additional notices from the Contractor in the form of door hangers to notify you of work planned near or adjacent to your property. These door hangers will be distributed approximately 2 to 4 days before work is to begin near your property. Also, if cars are parked along the roadway or in an important access area for the Contractor, you may be notified of this by door hanger or by direct contact, and asked to relocate the vehicle.

Please pardon any inconvenience created by our presence as we take all necessary measures to minimize any disturbance to you and your neighbors. If you have any questions about the upcoming construction work, please feel free to contact me at (919) 469-4335 or via e-mail at jarrod.buchanan@townofcary.org.

Best Regards,

Jarrod A. Buchanan, P.E.
Project Engineer
